

SECURITY & RISK SERVICES

We offer Turnkey Solutions and Advisories to address all of your Security & Risk needs. Our Strength is to provide customized and effective project / premise / proile-based security solutions that meet the client requirements.

Welcome to AMIAND - Security & Risk Services

A "Multi-Layered" approach to Security by AMIAND - Security & Risk Services is more robust, acknowledging that no single security measure is either fool-proof or capable of mitigating various types of threats. Security measures must be commensurate to the risk and should be effective, holistic, practicable and sustainable in its approach. The aim of AMIAND - Security & Risk Services is to deter the potential perpetrators, detect prohibited articles and respond to any potential threats. Our security regime will also provide reassurance to members of public.

The Security of our family, home, assets, and businesses is important for every one of us. AMIAND Security & Risk Services brings many of the Top Security Professionals together for one reason: to keep You Safe.
